HERALD 1891

HONDO, MEDINA COUNTY, TEXAS, SATURDAY, OCTOBER 27, 1923.

VOL. 38. No. 13

## WITH THE DRILLERS.

Sherman Haught, driller for a company of Oklahoma men, all men experienced in game up in that state, informs representative of this paper that he began October 2nd, on the Zerr ranch, about six miles west of Hondo, is now at a depth of 455 feet and making progress. The well is being drilled 15 inches in diameter and it is planned to drill a thousand feet deep with a 12 inch diameter. After that a 10 inch drill will be used and a depth of 100 feet will be penetrated and then a 6 inch drill will be used. The well is struck in the meantime. Special No. 30 drill is being used. This is the second deep test well in the county and will be watched with great deal of interest. It will be a hitherto untried territory.

Best reports, The Medina-California test on the Seco was making progress at about 1950 feet. On this well has been hampered on account of encountering water.

The Oil Company, after drilling the rock at the bottom of every well, this week moved over well No. 2, and will also drill the rock at the bottom of the well, the two wells being but 10 feet apart. After going to the rock in No. 1, another layer of oil sand was encountered, much better grade of oil found. The smallness of this well and the smallness of the estimate of oil men. So far as we know pump test as yet has been

The MacDonald-Smith well, southwest of the Ina some half mile, is down about 870 feet, waiting for casing before drilling in.

The Wolff well, after testing out at 370 feet, and an estimate of two barrels found, the promoter concluded to pass up that sand and send the drill on down.

There are eight derricks up in the County, and the extent of the oil pool should soon be determined.

## MARRIED.

Rev. A. M. Foster officiated at a beautiful home wedding at the home of Mr. and Mrs. John Watson, near Biry, on Wednesday, October 17th, 1923, when their eldest daughter, Miss Doris Watson, became the bride of Mr. Overton Schmidt.

Mr. Schmidt is the youngest son of the late George Schmidt and Mrs. Regina Schmidt now of this place. He is engaged in stock farming on his mother's ranch on the Hondo.

The young couple have many friends who join the Anvil Herald in wishing them a happy and prosperous married life.

## MRS. HERBERT DECKER HONORED

Mrs. Felix Batot, Mrs. Chas. Finger and Miss Etta Batot were the gracious hostesses at a "shower" given Tuesday afternoon at the home of Mrs. Felix Batot in the honor of Mrs. Herbert Decker.

The honoree was the recipient of many beautiful and useful gifts.

Punch and cake were served to about thirty guests.

## YANCEY FAIR.

Don't forget the Yancey Community Fair which comes off on Nov. 2. This promises to be the best Fair we have ever had. We hope that the exhibits will be above the ordinary. There will be a Barbecue Dinner for sale on the grounds.

An admission of 25 cents and 15 cents will be charged at the gate.

Basket ball and roping, as well as other amateur sports, will feature the day.

At night there will be boxing and other stunts by the boys for the benefit of Athletics.

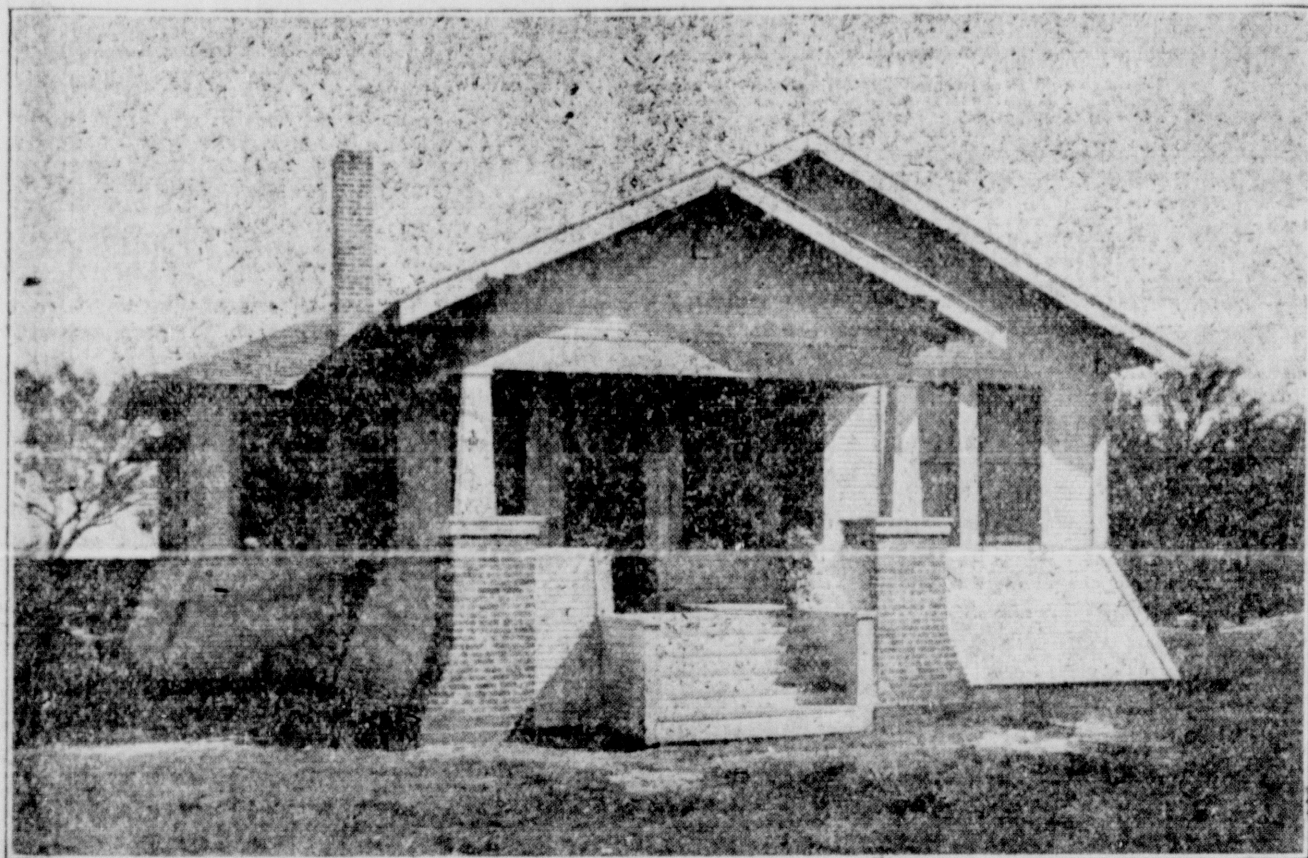

## FAIR MANAGEMENT.

Rev. A. M. Foster left Monday evening for Gonzales where the annual conference of the Methodist Church for this conference district convened this year. There is but little doubt that the reverend gentleman will be returned to this charge another year, and should the bishop decide other wise it will be a great disappointment to Mr. Foster's friends in this section.

The quarantine that has been maintained down on the Hondo for a month or more on account of smallpox among the Mexican population of that section was raised this week, in the opinion of the county health officer. The disease was introduced into that neighborhood by Mexican cotton pickers from Mexico, and it was confined to Mexican Children.

The New Fountain Parent Teacher Club is giving a Halloween entertainment at the school house Wednesday, Oct. 31, at 7:00 P. M. Every one invited. Please come.

## Lutheran Congregation to Celebrate

## New Lutheran Parsonage which is to be dedicated Sunday

Tomorrow, Sunday, October 28th, will be an epoch marking day in the annals of the local Lutheran congregation. Two very important events will be duly observed by appropriate services.

The annual Missionary Festival will be observed with services in the Ger-

man language at 10:30 o'clock in the morning. This is an annual occurrence. Then in the afternoon the completion of the elegant new parsonage will be appropriately celebrated with dedication services at 2 o'clock. At this service the entire program will be in the English language.

Rev. A. L. Wolff of San Antonio will be the speaker of the day, and the services will be both impressive and instructive.

The pastor, Rev. Geo. E. Grueber, assures the public of whatever faith a hearty welcome and extends an invitation to all to attend.

It will probably interest our readers to know that Judge Lamm, our veteran Alcalde, was again the first man to pay his 1923 taxes. For years the payment of his taxes is always the Judge's first errand on the morning of October 1st and his tax receipt for all these years has been No. 1. Mrs. V. H. Blocker has the distinction of being the first lady to pay her poll-tax in precinct No. 1, North Hondo; Mrs. Katie Laughinghouse has this honor in precinct No. 16, South Hondo; and Mrs. A. U. Rothe in precinct No. 7, D'Hanis.

Will Earnest Newton returned Saturday night from New Orleans where he has just completed a course in the mechanism of the Linotype. On Monday, he took charge of the machine in this office and has set most of the type for this issue. He has been handicapped by finding not only the machine needing some adjustments but the gasoline burner and the engine out of order, and the boss too lame from the rheumatism to be of any help to him, but he is up and coming with it now, sets a good proof and is going to make good.

Hondo lost to Sabinal in girls' basket ball on Saturday, October 20th, at Sabinal, to a score of 9-17.

### Junior Red Cross Spreads Good Will Throughout World

Nearly 5,000,000 pupils in the schools of America are following the standard of unselfish service as members of the American Junior Red Cross, the annual report of the American Red Cross discloses. This radiant host is represented in 125,672 school rooms of 24,389 schools throughout the United States. With a service program that is local, national and international in scope, the American Junior Red Cross is working unflinchingly for health and happiness and in the promotion of activities among boys and girls wherever there is opportunity for usefulness.

Increased activity on the part of the schools enrolled and deeper recognition by school authorities of the educational values of Junior Red Cross have been significant features of the last year. Carrying on educational and relief work in France, Poland, Austria, Hungary, Yugoslavia, Albania, Bulgaria and Romania, the American Juniors have influenced the forming of Junior departments in the Red Cross organizations of these countries. American boys and girls wearing the "I Serve" button of the Juniors are proving apt messengers of the spirit of good will and mutual understanding through correspondence with pupils in schools scattered throughout the world. At the close of the school year in June 2,000 schools were engaged in correspondence with a like number of schools in Europe; 254 schools in our insular possessions and Alaska territory carried on an exchange of letters with schools in the United States and South Africa. In fact, nearly 2,700 schools with probably 1,000,000 pupils were busy in this line act of cheerful communication, while 8,547 articles passed through National Headquarters of the Red Cross in exchange between the interested pupils here and overseas. An incident of the year's advance was the beginning of activity which will eventually install Junior Red Cross in the Indian schools of the United States.

From every section of the country reports of the year of the unit of crippled children with their choruses which came from the Wabash school in Prague, Czechoslovakia, to show gratitude to the American Juniors for their assistance declare that nothing since the World War has done so much to awaken the Red Cross spirit in the communities visited by the unit.

The work of the American Juniors in foreign fields is emphasized in the advancement of playgrounds, scholar-

ships in farm, trade and other schools, community and school garden work, and donations of cash and equipment to children's organizations. In these projects \$112,600.17 was spent during the last year in ten European countries, in China and in the Virgin Islands.

"It is inconceivable that the Red Cross could have come thus far only to retreat; that it could have succeeded up to the present time only to fail."—President Coolidge.

**Liberal to Ex-Servicemen**

Over \$1,000 was expended by each of the 3,600 American Red Cross Chapters in the past year in behalf of disabled ex-servicemen. The actual total spent was \$3,530,000.

**Reversal.**

With very realistic souls the weary tramp told the tale to the farmer's wife and she nearly believed him.

"But, surely, if you have an aged mother to support," she said sympathetically, "you could find some better way of doing it than begging? You know necessity is the mother of invention."

"Not in my case, I assure you," said the tramp, earnestly. "With me, lady, mother is the invention of necessity."—Pearsons.

**Letting Him In.**

"Well, well, young gentlemen!" exclaimed the affable old person. "I'd give a great deal to be able to join in your sport."

"Stick around, grandpop," said one sturdy youngster. "If we knock this ball through somebody's window we'll let you go for it."—Birmingham Age-Herald.

### LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambition for anything.

"I had been trying other remedies . . . but did not get any better.

"Some one told us of Cardui, and what it was recommended for. I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it.

"I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

## Two Weeks Made Big Difference

Mrs. Johnson Gives Stella Vitae Credit for Building Her Up From Weakness to Strength.

"Two weeks made such a difference in my feeling after starting on Stella Vitae that I was actually surprised at my improvement," said Mrs. Essie Johnson, 813 Saulnier St., Houston, Texas.

"My kidneys troubled me something awful and I was terribly bilious. I suffered from pains around my stomach and my back hurt like it would kill me. Headaches were constant, and blind, dizzy spells would come on. Even my legs hurt so it was painful for me to try to walk and my nerves were all on edge.

"In a couple of weeks after I started taking Stella Vitae I noticed an improvement and in a little while I was feeling about as good as I could expect or want. This is the best tonic for ailing women I have taken and I gladly add my name to others who praise it."

Stella Vitae may be obtained from W. H. Windrow and the purchase price will be refunded if it fails to bring relief.

## SHOW DAY

What is there about a show that  
thrills the blood of a healthy person?  
What is it that makes you restless  
and stand on your tiptoes when you  
hear the band coming up the street,  
playing the music, with a swing and  
vigor only heard in show bands? You  
say the shows are all alike, and when  
you see one you have seen them all  
but still you walk just—or even run—  
right in the heat of the day in  
order not to miss one bit of the  
street parade. Why do you do it?  
Think it over. Then you will go to  
the show "just to take the children"  
or possibly because some dear one

insisted on going and you did not  
want to displease her. It's all right  
to alibi yourself, almost everybody  
has done the same thing time and  
time again, so let's be human when  
"Golden Bros' Trained Wild Animal  
Show" is in Hondo on Wednesday  
Oct. 31st and have a good time.  
Good shows do not come often, and  
they are not expensive. So meet us  
in front of the elephants when the  
"Golden Bros' Trained Wild Animal  
Show" is in Hondo and we will throw  
trouble to the winds and peanuts to  
the elephants. Prewar prices are  
the order for this season.

## RED CROSS HELPS WAR'S SUFFERERS

200,000 Veterans and Their Families—27,000 Disabled Still in Hospitals.

EXPENDS \$5,866,255 IN YEAR

Individual Attention Assured to All Physically Ailing or in Distress.

Washington. — War service five years after the armistice, which on November 11 the American Red Cross commemorates with the opening of the annual membership canvass, shows that during the past year assistance was extended by the Red Cross to some 200,000 ex-service men or their families. To 130 hospitals throughout the country approximately 75,000 ex-service men were admitted for treatment, and to 63,296 of these men definite and specialized service was extended, the Red Cross annual report discloses. In hospitals under government operation a total of nearly 27,000 disabled veterans were reported by the Surgeon General of the Army.

These facts of the aftermath of the World War, and the burden resting upon the relatives and dependents of the ex-service men, show conclusively the great need of the Red Cross to act as a supplementary arm of the government in service to these many thousands of men who wear the uniform of the United States. It should be emphasized that government assistance is necessarily stand-alone along specified lines affecting them as a whole. The Red Cross service is to the individual man and the solution of his problems. This the Red Cross designates "home service" and its aim is to give the loving care and interest of the home to these men undergoing physical reconstitution far from their actual home influences.

Year's Expenditures \$5,866,255  
In the year ended last June 30 the Red Cross reports \$3,920,000 spent by its Chapters in extending individual attention to the ex-service men and \$1,946,255 spent by National Headquarters of the Red Cross, a total of \$5,866,255. In behalf of the men called to duty in the World War the Red Cross since July 1, 1917, has spent nearly \$104,000,000. Today there are 1,156 Chapters in as many localities carrying on this work, aiding the individual veteran, assisting his family, furnishing creature comforts and efforts to tide over troublesome periods.

The strong connecting link between the Red Cross and the United States Veterans' Bureau takes the complicated out of difficult cases of claims. The Red Cross in this work requiring personal representation of the ex-service man has acted in appeal cases, insurance matters, personal and family problems, camp and hospital activities and in cases of death. This service handled nearly 12,000 compensation and insurance claims, and 2,225 adjustment and other claims.

**Solves Serious Problem**  
The financial problem of the ex-service man when traveling to and from hospitals is a serious one, and in meeting this constant demand the Red Cross expended \$138,334.17 during the year. For extra recreational equipment in Veterans' Bureau training centers \$14,396 was spent, and for the disabled veterans in the government hospital funds were supplied to enable some of these unfortunate men to enter business as storekeepers and poultry raisers.

In Veterans' Bureau hospitals the record of a single month illustrates the large service rendered by the Red Cross. For example, 15,504 new cases required attention, and a total of 26,499 cases were acted upon; 49,368 letters and 1,863 telegraph messages written, and more than 1,600 entertainments given in recreation houses for the benefit of the patients.

Authorities declare that the present is a critical time in the lives of many of the disabled ex-service men during the five years since the armistice have developed misgivings and recovery.

**Work Among the "Regulars"**  
Service to the enlisted men of the Army, Navy and Marine Corps is a constant obligation of the Red Cross, which in the last year recorded over 200,000 cases of assistance extended and 334,420 visits to the sick and disabled. Inquiries by the Red Cross at the request of Government authorities into the home conditions of soldiers, sailors and marines aggregated 12,714; and there were nearly 6,000 instances where the Red Cross located homes for their families.

All these activities constituting a single responsibility of the American Red Cross demonstrated during the year that its "war service" in behalf of the veteran and the man enlisted in the nation's defensive arms must go forward unflinchingly and without stint of funds. The work of the last five years has welded a close bond of regard between the men who sacrificed and the Red Cross, whose efforts are praised and indorsed by the veterans' organizations. To do all that can be done to soften the consequences of the hard blows of war is the supreme duty of the Red Cross, and which it is giving its best work and most liberal service.

## YANCEY BASKETBALL GAME

The Juniors of Yancey Hi took the Sophomores—last year's High School champions, down to a 12-6 score, the first of the three games, that are to be played.

The game was hard fought throughout, and a few spectacular field goals in the second half enabled the Juniors to win.

The Sophs. did not start their regular line-up on account of Oefinger not showing up until the second half. Ward played in his place and showed up fine.

The outstanding player for the Sophs. was P. Crain, who scored all the points.

C. Crain and Radetzky divided honors for the Juniors, with each 6 points. C. Crain proved to be the all around star with his wonderful defensive work, and also of the offensive.

## GIRL'S STATEMENT WILL HELP HONDO.

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler-ika I can eat anything." Adler-ika acts on BOTH upper and lower bowels, removing foul matter which poisoned the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. W. H. Windrow, Druggist.

## SCHOOL DAYS

**"What's in a Name?"**  
By MILDRED MARSHALL  
Facts about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel.

## JOSEPHINE

THE origin of Josephine lies in Scriptural history. When, after long waiting and hoping, a son was born to Rachel, she named him Joseph, the name coming from a word meaning an addition, because she hoped that there would be still another child added to her family.

The beautiful character of Joseph assured him namesakes beyond number and in 1621 a festival day was fixed by the pope in honor of St. Joseph, the husband of the Blessed Virgin. This spread the use of his name afar. Spain adopted it, calling him Jose Maria, or Pepito for the concentration. In this way Pepita, or Josefa, the feminine form, arose.

The daughter of Maria Theresa was called Maria Josepha, and these names were seldom separated in France, Italy and Germany. The famous Empress Josephine really bore the name of Marie Josepha Rose. Her unfortunate career as the wife of Napoleon made her such a dramatic figure in French history that Josephine became the favorite name of French dandies, who sometimes contracted it to Fifi or Finette. In Switzerland the name became, through some curiosity, Jose Maria, or Pepito for the confused as such among the peasants.

Josephine was introduced into England straight from France, and no effort was made to change it or place the stamp of the Anglo-Saxon upon it. America, taking it over, straightway contracted it to Josie, but Josephine is always given in baptism. Josephine is popular in all Latin countries, except Spain, which retains Josefa. Sweden has a mislaid Josefina.

Jet, signifying sorrow, is Josephine's talismanic stone. If worn by her it will drive away the causes of sorrows, disease and suffering. Thursday is her lucky day and 2 her lucky number. Her flower is the snowdrop of purity.

## April Fooling.

Betty, who is four, had been scolded by auntie for some misdemeanor, and her feelings were badly hurt. She kept referring to the matter, and saying to auntie: "All right for you, I don't care about you any more."

Finally auntie retorted: "Well, all right for you, then. If you don't care about me any more I won't need to get you that ice-cream cone I intended to buy you."

Betty looked abashed for a moment. She did not wish to unbend so far as to accept a bribe, but she disliked to lose that ice-cream cone.

Then her face brightened with a happy thought. "Oh—oh—April fool!" she said, triumphantly.

## Sabe and Bebe.

A teacher was giving a lesson in grammar. On the blackboard she placed the words "he" and "she." She then said, "He" is masculine and "she" is feminine. Now can any of you pupils give me a similar example?

Soon a hand shot up, and she nodded to the boy and said: "Come to the blackboard and write your example."

He wrote "Babe Ruth" and "Bebe Daniels," and then he explained, "Babe" is masculine and "Bebe" is feminine.

### Red Cross First Aid Standards Adopted In Great Industries

First aid in an emergency which assures the injured competent attention until the doctor arrives is making marked headway through the work of the chapters of the American Red Cross. In populous centers 314 chapters conduct first aid classes and last year awarded 9,500 certificates to students. Eight big telephone companies have enlisted their workers in first aid classes, police and fire departments in large cities are making the course compulsory in their training schools, and through colleges and high schools large groups of students receive instruction. The Red Cross also gives this course through Boy Scouts, Girl Scouts, Y. M. C. A. and similar organizations, and its standard methods have been adopted by railroads, electric and gas companies, mines and in the metal industries. The aim of this Red Cross service is to cut down radically the average of 60,000 accidental deaths per year in the United States.

"Our country could secure no higher commendation, no greater place in history, than to have it correctly said that the Red Cross is truly American." —President Coolidge.

Every day is a better one to the man and woman stimulated by the Red Cross spirit. Join now for happiness.

The Farm Labor Union News says that a high mogul of the Farm Bureau went up against a Buzz Saw debater for the Farm Labor Union in a joint debate in a North Texas town the other day and after the fur had been cleared from the atmosphere the Bureau fellows quit the county singing: "Yes, we have no rabbits." Farming is beginning to think these two organizations don't love each other much!

The voice of the cotton gin is making sweet music over the Southland now as the harvest of the fleecy staple rolls in. When the whirl of the spindle and the boom of the loom is heard to blend with the buzz of the gin then will our Southland come into its own. There is no more reason why we should not bring the spindle and loom to the cotton fields than there is for us to send the seed cotton to England to be ginned. Wake up, oh, sleeping Southland!

Ex-Governor James E. Ferguson said in a speech at Temple recently: "So long as the Ku Klux legislature keeps giving only \$12 per capita for the education of rural school children and appropriates \$550 for the higher education highbrows. I am not only going to raise a row—I am going to raise hell". The Governor could have added that while the state spends this much on the average for students in our institutions of higher learning—state controlled—it costs the parent more in addition to send a child to one of them than it does to send him to an institution—privately owned. What ails our public school system anyhow?

## RED CROSS ADVANCING IN HEALTH CAMPAIGN

Extends Service to New Fields  
and Brings Healing Hope to  
Remote Sections.

"The supreme opportunity for leadership" for the American Red Cross is its health service. Thus a committee made up of prominent physicians, sanitarians and public health experts, after months of exhaustive study, reported and urged that not only should the Red Cross continue its present service, but should undertake a comprehensive educational campaign along public health lines. The annual report of the American Red Cross, just issued, discloses that it has grasped this opportunity in the fields of public health nursing, instruction in home hygiene and care of the sick, nutrition work, first aid to the injured and in water life-saving.

Health service is fundamentally, historically and practically an important function of the Red Cross, and each year marks its extension into new fields and along broader lines. In the Red Cross Nursing Service there are enrolled nearly 40,000 nurses, 20,000 of whom served during the World War. The past year Red Cross nurses were assigned to duty in isolated sections of Alaska and North Carolina and to work among the fishermen of Penobscot Bay, Me.

The Public Health Nursing Service, inaugurated by the American Red Cross in 1912, which operates chiefly in rural sections untouched by other public health agencies, has 1,038 Red Cross nurses working under the direction of Chapters. This work has won so high a regard that many of the nurses are taken over by the local authorities to maintain health services for their communities. Instruction in Home Hygiene and Care of the Sick is noting a steady advance. Since 1914 certificates of proficiency have been given 304,427 women who completed the Red Cross course. In the last year 26,595 certificates were awarded and 65,961 students were under the instruction of 1,054 Red Cross nurses.

The benefits derived from meals balanced to meet each person's peculiar needs is winning widespread recognition through the work of the Red Cross Nutrition Service, particularly in the schools. During the school year 2,688 carried on regular instruction in nutrition, reached more than 150,000 children and adults. More than 2,250 volunteers assisted in this work. Throughout the country 35,233 health meetings were held under Red Cross auspices, attended by approximately 254,500 persons.

## Annual Summons to Red Cross Banner On Armistice Day

America's great humanitarian effort in behalf of stricken Japan early in September gave the answer to the question, "What is there for the Red Cross to do in time of peace?" What the American Red Cross did at once when this crushing earthquake disaster came without warning showed that it was ready on the instant with country-wide team work to carry out quickly and effectively the request of the President to lead the national effort for the relief of the many thousands of sufferers. Preparedness to take the field when relief is needed is a charter duty of the Red Cross. Without a membership enrolled in every community in the land this readiness would be impossible. That is why your dollar membership is most important.

It is imperative that the structure of the American Red Cross be made up of millions of individual units. Opening Armistice Day, November 11, and closing with Thanksgiving Day, November 29, the Roll Call this year will penetrate to the ends of the earth and to the ships sailing the seven seas. The 3,600 Red Cross Chapters in the United States will have their busy volunteers enrolling members during this period imbued with renewed enthusiasm due to the recent revival of effort when the call came from Japan.

# The BROWN MOUSE by Herbert Quick

WHEN Herbert Quick writes a story it is the time for everyone to sit up and take notice; for he is one of the most versatile and entertaining geniuses in this country. Farmer, schoolmaster, lawyer, editor, public servant, social worker and novelist, he has had a great round of experiences and has worked many of them into his stories. Born in Grundy county, Iowa, he has been mayor of Sioux City, nominee for supreme judge, editor of Farm and Fireside, member of the Federal Farm Loan bureau and several other national commissions, and during the war, had the rank of colonel conferred upon him by the Red Cross.

In "The Brown Mouse," Mr. Quick has taken his inspiration from the Scotch scientist who crossed Japanese waltzing mice with the common white breed and among other hybrids got a brown individual that was different from anything else in the world. Unlike its domesticated parents, it was wild; it ran away, bit, gnawed, scratched and raised hob generally.

Jim Irwin, the hero of the tale, is a brown mouse. His peddling father was a waltzing mouse, no good except to jump from one spot to another for no valid reason. His mother was a white mouse, having had all her color washed out in one way or another. Like the brown mouse which refuses to act according to the rules of heredity, Jim had ideas of his own and did many surprising things. He completely woke up a sleepy farming community and showed it what a touch of genius can do.
